

THE ART OF CONCRETE

**CREATING A
STRONGER FUTURE**

A wide, paved plaza in front of a modern building with a sign that reads "NORTH WYNKOOP". The plaza is made of large, light-colored concrete tiles. In the background, there are modern buildings with large windows and a clear blue sky. A sign on one of the buildings reads "NORTH WYNKOOP" in blue and purple letters. There are also some trees and a stop sign visible in the distance.

CREATIVE BEGINNINGS

The Art of Concrete is Colorado's decorative concrete specialist for construction projects. With years of industry experience, our team shares a vision of developing a new opportunity for designers to use concrete as a creative medium. We've built our reputation on high-quality finished concrete, responsive service, and satisfied customers.

CONCRETE DETAILS

Clients count on The Art of Concrete to provide customized decorative concrete finishes to make their properties stand out from the rest. Our meticulous attention to detail ensures that all expectations are met and our skills result in truly unique concrete finishes. We offer custom samples to showcase our unlimited capabilities.

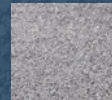

COLLABORATIVE COMMITMENT

We value trusting partnerships with clients, so we strive for honesty and integrity in all interactions. The team at The Art of Concrete communicates openly with clients from first contact to initial design to final installation and tackles issues when they come up. Our goal is to dream with you to create art with your decorative concrete finishes.

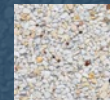

DECORATIVE FINISHES

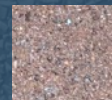

Our vast experience using concrete as an artistic canvas enables us to use a variety of techniques to exemplify your style. Our capabilities are endless, but some of our most popular options include:

Broom Finish

Sand Finish

Colored Concrete

Stamped Concrete

Broom Finish

The Art of Concrete can create safe and appealing broom finishes that are ideal for walkways and driveways. We specialize in both horizontal and vertical surfaces. Our broom finish installations offer:

- **Excellent Traction**
- **Aesthetic Appeal**
- **Affordability**

COLOR VERSATILITY

Color accentuates the form of your concrete surfaces. Our artists can change the entire character of a piece by simply adding full color or highlights. Our palette includes:

 **Integral Color**

 **Color Hardeners and Release Agents**

 **Stains and Dyes**

 **Toppings**

STAMPED CONCRETE

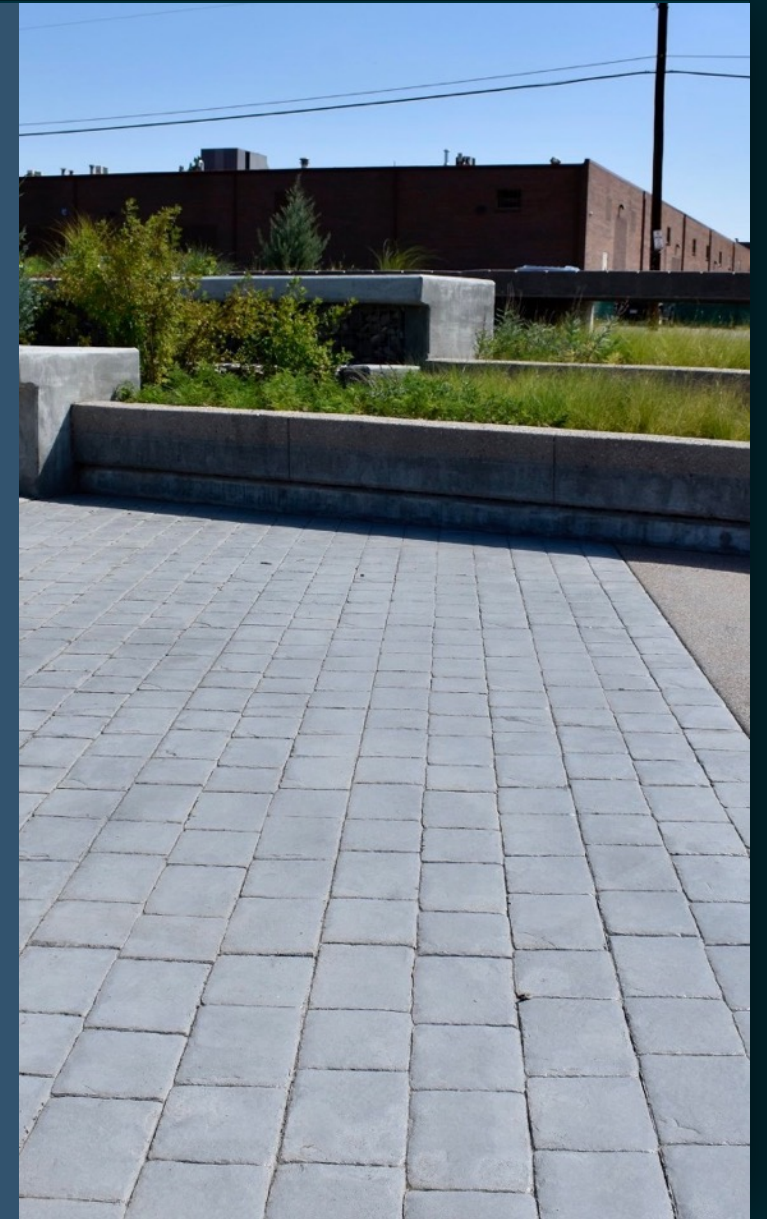

Stamped concrete provides additional impressions of texture and depth for a decorative surface. Let your imagination find your perfect design. Durable and easy to maintain, stamped concrete is also a cost-effective approach to artistic design that's perfect for:

 **Patios**

 **Gardens**

 **Pools**

 **Driveways**

EXPOSED AGGREGATE & SAND FINISH

Exposed aggregate concrete reveals the natural beauty of the material. Different levels of exposure can create subtle or drastic finished surfaces that are easy to maintain and comfortable to walk on. Variety is achieved through:

■ **Varying exposure depths**

■ **Integral Color**

■ **Added rock or glass**

■ **Depth of Exposure**

■ **Affordability**
